THE ADVISERS CHEERED BY TRIP; STEVENSON DRIVE IS STEPPED UP

ADVISERS MINERS IS APING UP

Washington (AP)—John L. Lewis, who today is shaping early strike of about 300,000 a soft coal miners in a divide-conquer strategy against producers.

The United Mine Workers said a walkout isn't likely to be a national emergency coal users.

By making his silence on a month of negotiations, Lewis reported to newsmen yesterday he has reached a "most disagreeable" impasse with Northern operators, with only four days to go before their pre-arranged expires Saturday.

Jarvis, Lewis said, "no compromise" have been reached in talks with Southern soft coal producers, whose contract expires Sept. 30.

It is plainly implied both sides of mines would be shut as their contracts run out. Usually, the miners don't without a contract.

Either, the two groups turn out 70 per cent of the national or seven million tons a week. About 200,000 miners in the Northern group, 100,000 in the Southern.

Dealing with this grim picture, Lewis stressed that the mine chief stressed that the mine and Midwestern soft coal which are not members of the Northern Bituminous Coal Producers Association "will be shut down."

Lewis reported, he expects to reach an agreement this week with the Pennsylvania anthracite hard coal industry, whose contract also expires Sept. 30. His contract for both these groups, he said employ about 140,000 continue producing. They accept whatever terms are agreed later with the bigger Eastern and Southern soft coal associations.

Warren Committee Proposes Trip In Foreign Tour of Duty

Washington (AP)—A House subcommittee, just from inspection of 30 Pacific and Alaskan military and naval bases, has recommended a tour of duty for service at isolated posts.

Clark Fisher (D-Tex.), acting chairman of the 11-member subcommittee, returned Sunday from Japan, issued a report commending the military but criticizing rotation of troops.

The committee expressed gratification to find in Korea and the East that "the alleged shortage of ammunition have been no as critical as have been reported."

The committee said it was impressed with the caliber of the armed forces in the Pacific and Far East. More than 100,000 troops are in the front lines and are an excellent showing, said report.

Brooks (D-La.), who served as chairman of the group when it remained behind in the Pacific because of illness. Others in the party which returned included Reps. Short (R-Mo.); Ellis (R-O.); Gavin (R-Pa.); Bates (D-Ill.); Doyle (D-Calif.); Esham (D-Okla.); Clemente (D-N.Y.); and Kearns (R-Pa.).

LOSES LIFE IN TRAFFIC ACCIDENT

Lawrence Gap (AP)—Four-year-old George Ferree Jr., of Mt. Pleasant, died at the Lawrence Gap Military Reservation Hospital last night after being thrown into a stream automobile accident.

The boy was riding with an uncle, Lawrence Craft, of Harrisburg, when the car skidded on a wet road and plunged into an embankment. Craft and another rider, Albert Smalley, Harrisburg, were slightly injured. The child had been spending the day with Craft here.

County Wins Award For Seal Sale Record

Warren and Erie counties have won awards for the highest per capita sale of Christmas Seals in Pennsylvania in 1951.

Helen V. Clifford, on behalf of Warren county, and J. Kenneth Winter, for Erie county, accepted the awards on behalf of their organizations at ceremonies in Pittsburgh Monday.

Dr. C. Howard Marcy, medical director of the Tuberculosis League of Pittsburgh, was in charge of the program and made the presentations.

Warren county, with a population of 43,000 raised \$11,263 during the Seal sale last year. Erie county, with a population of 220,000 contributed \$68,000.

Honeymoon Couple Found Murdered In Las Vegas Hotel

Las Vegas, Nev. (AP)—As friends made plans for an elaborate wedding for them, a young couple—apparently honeymooning—was found shot to death yesterday in a lavishly furnished hotel.

Officers said murder and suicide were indicated, although no notes were found. Investigators were without a clue to the motive for the deaths.

The man was identified as Adrian Lionel Grodnick, 19, son of Manuel Grodnick, wealthy New York clothing maker, and the girl as Betty M. Baron, 25, pretty brunette daughter of William Baron, Los Angeles apartment house manager.

Friends in Los Angeles said the couple had planned a formal wedding in Beverly Hills, Calif., next Tuesday.

Detectives said the girl wore a wedding ring. The couple had registered Sept. 10 as newlyweds. Among their possessions was a Los Angeles County health certificate, required before obtaining a marriage license in that county. The certificate was dated Sept. 3.

Primary Under Way In Massachusetts

By The Associated Press
Massachusetts holds a primary election today, nominating a governor, senator and 14 U. S. representatives. Among the better known candidates, Sen. Henry Cabot Lodge, Republican, has no opposition. Neither does his Democratic opponent for the nomination for senator, U. S. Rep. John F. Kennedy.

Late returns today from Rhode Island's Monday primary showed that Atty. James O. Watts of Narragansett easily won the GOP nomination for U. S. representative. His Democratic opponent in November will be incumbent Rep. John Fogarty, who is opposed in the Sept. 24 Democratic primary.

Both vice presidential nominees were on the move—Sen. John Sparkman, the Democratic candidate, motors through Delaware, speaks at Wilmington. His GOP opponent, Sen. Richard Nixon, was en route to the West Coast, with plans to briefly visit Ely, Nev., his wife's birthplace, en route.

Eisenhower Strategy Is Has Big Day In South Bend

Springfield, Ill. (AP)—Gov. Adlai Stevenson stepped up his drive today for the estimated 15-million independent voters in the nation and set his sights as well on what he calls the "Republican progressives."

There are indications at headquarters today that the Democratic presidential candidate is re-drafting his campaign strategy.

The event that appears to have changed his position was last week's meeting between Gen. Dwight D. Eisenhower, his GOP opponent, and Sen. Robert A. Taft of Ohio. Stevenson says Eisenhower's "great crusade has become the great surrender," that Taft has "taken over" the general's campaign. And he added:

"This puts an entirely new aspect on the campaign and on the election."

He has been in long strategy conference with his chief lieutenants the past two days.

Up to this point, he has been pegging away at the claim of "disunity" among the Republicans, arguing that the Taft backers and the Eisenhower supporters constituted a "two-headed elephant." He found many phrases to twist his political enemies on that score.

Correspondents asked him, in a news conference yesterday, whether he will continue that line now that Taft and Eisenhower have held the long-awaited meeting. He replied: "That remains to be seen."

The atmosphere here now that Stevenson's principal advisers have had time to examine the position in the GOP camp contains mixed reactions.

BRONZE STAR MEDAL FOR TITUSVILLE BOY

Pittsburgh (AP)—Cpl. George R. Hasbrouck of Titusville, R. D. 1, was awarded the Bronze Star Medal today in ceremonies at U. S. Army headquarters here.

Hasbrouck now is awaiting his final discharge from the armed forces. The citation accompanying the award said the corporal, a radio operator in Korea with an airborne infantry company, saved his commanding officer's life by disregarding enemy fire to summon help.

Cpl. Hasbrouck also is credited with maintaining radio contact for 27 hours without relief while under enemy fire. He enlisted in the Army in August, 1948. The corporal is the son of Mr. and Mrs. Will Hasbrouck of near Titusville.

Potter County Man Under Indictment

Coudersport, (AP)—Alfred L. Sallade, 35-year-old airport operator and father of three children, has been indicted by the Potter County grand jury for the shotgun slaying of Charles P. Van Pelt, 19-year-old Harvard University sophomore.

A jury for the trial will be chosen Sept. 22, said Dist. Atty. Robert J. Flint.

Sallade is charged with murder in the death of the youth, only child of Mr. and Mrs. David Van Pelt, of Rosemont, a Philadelphia suburb.

Sallade also faces two counts of assault in the shooting of Erwin Bergdoll, 19-year-old University of Pennsylvania student and son of Grover Cleveland Bergdoll.

Bergdoll, released from the Potter County Hospital here last Saturday, testified as a witness before the grand jury yesterday.

Sallade, a World War II civilian flight instructor, is being held without bail in Potter County jail. The two youths were shot as they walked near the office at Sallade's airport in Cherry Springs State Park east of here Sept. 1.

National Health Program Defended

Philadelphia (AP)—President Truman today described opponents of compulsory medical insurance as "pullbacks" who want to "go back to the horse and buggy days."

The President declared "it is a job for all of us" to bring medical and health services to the people at a price they can afford to pay.

"I would not call such a goal 'socialism,'" Truman said. "I would call it a goal of enterprise—American enterprise."

Truman didn't mention the Republican presidential nominee by name in a speech prepared for a luncheon of the American Hospital Association in Convention Hall.

But he quoted language used by Eisenhower in New York Sunday opposing Truman's medical insurance plan. Eisenhower advocated, among other things, "locally administered indigent medical care programs."

TALON EMPLOYEES TURN DOWN FIRM'S OFFER

Meadville (AP)—Employees of Talon, Inc., hookless fastener manufacturer, have turned down a company proposal which called for wage increases tied to the cost of living.

President James Hammer of Local 20230, AFL-Share Fastener Union, said the unionists authorized a strike vote by a 4-1 majority. The company-union contract permitted wage re-opening Aug. 1.

Pennsylvania Association on Probation And Parole to Meet in Warren October 6

Prominent speakers will take part in the Western Regional meeting of the Pennsylvania Association on Probation and Parole which will be held in the Warren County Court House, Monday, October 6.

JETS BLAST MORE MIGS IN NORTH KOREA

Seoul, Korea (AP)—U. S. Sabre jet pilots today blasted four Red MIGs out of North Korean skies and raised to a record 46 the number of Communist warplanes destroyed in one month, the U. S. Fifth Air Force said.

The four destruction claims, plus confirmation of a Sept. 4 kill, pushed September's figure past the previous high of 44, set in April. The April figure included 41 MIGs destroyed in air combat and three propeller-driven fighters caught on the ground.

In September allied pilots also reported three MIGs probably destroyed and 36 damaged.

The sleek Sabres were flying protective cover for F84 Thunderjet fighter-bombers near the Manchurian border when 55 MIGs swarmed out of their Manchurian sanctuary. Five air battles ensued.

In addition to the four Red jets destroyed, Sabre pilots reported two damaged.

The fighter-bombers attacked a military boat concentration on Korea's west coast in the Sinmi Island area near Sinuiju.

Photos said one 35-foot boat was destroyed and two damaged, and six smaller boats were destroyed and 22 damaged.

Farther south, other fighter bombers attacked two troop concentrations near Sariwon. The Air Force reported 45 buildings levelled and four others damaged.

The air battles over North Korea came after Allied bombers blasted Red targets across the battered Korean Peninsula last night with tons of high explosives.

B29 Superfortresses returned to Pyongyang and pounded that North Korean capital with more than 100 tons of bombs. They fly-by-night partners, twin-engine B26s, ranged over the Red highway network and reported 126 Red trucks destroyed. It was the biggest bag since May and the fourth straight night of heavy destruction of more than 100 Red trucks.

Excessive Spending Scored by Martin In Crawford Co. Talk

Meadville (AP)—Lashing out at the Democratic Truman administration, Sen. Edward Martin declared last night "the first step in curbing inflation must be taken at Washington by reducing the reckless and extravagant spending by government."

Pennsylvania's senior Republican senator, a candidate for reelection, told a Crawford County Republican rally "unsound fiscal policies" have created the "double hardship of high taxes and high prices."

"The strongest line of defense against inflation can be built by economy in government, a balanced budget, sound fiscal policies and a sound, stable dollar," Martin said. He added:

"In the midst of this so-called prosperity, thousands and thousands of families are struggling to make ends meet with a dollar that is worth only 46 cents in purchasing power."

POLIO DEALING HARD BLOW IN PENNSYLVANIA

Pittsburgh (AP)—Polio is dealing its hardest blow in Western Pennsylvania history.

Thirty-three new cases last week boosted this year's total to 184. In 1950, the worst previous year, there were 180 cases in the same period. There have been 13 deaths this year, compared with nine in 1951.

Mercer County counted its first 1952 polio fatality today with the death of Francis J. Sulecki Jr., 9, of Hickory Township, near Sharon.

Five members of an Indiana County family are in hospitals today, the victims of polio.

Wake Island Is Battered By Devastating Typhoon

(NEA Telephoto)
SYMPHONY OF DEATH—FBI men, with faces blacked out, leave an Allentown, Pa., state police headquarters to start an all-night patrol for three escapees from the Lewisburg Federal Penitentiary. The federal agents carry musician-like cases which contain shotguns, rifles and automatic weapons. Police in New Jersey, Delaware, Maryland and New York are aiding the search by setting up roadblocks in an effort to capture the fugitives.

ASSISTANCE ON WAY FROM HICKAM FIELD

Honolulu (AP)—A raging typhoon with winds up to 140 miles an hour lashed tiny Wake Island yesterday, demolished living quarters and communications and sent the sea crashing over the entire island.

Mountainous seas and torrential rains battered the island which is only 15 feet above sea level all afternoon, subsiding only late at night.

Air-sea rescue planes left Honolulu's Hickam Field and Kwaalein this morning with food, water and medical supplies for the 600 men, women and children marooned on the coral speck 2,300 miles west of here.

The military transport Ainsworth was diverted from its course about 700 miles southeast of Wake and ordered to evacuate the stricken residents and transients.

Scattered messages received here painted a picture of devastation.

An unidentified Civil Aeronautics Authority maintenance man cranked up the radio of a grounded plane and gave first details of the disaster.

The only injuries reported were comparatively minor: One man with a broken leg, another with fractured ribs.

Gordon T. Maxwell, a Pan American Airways executive, reported to his San Francisco office from Wake that all the company's facilities were destroyed. He said no Pan American personnel was hurt.

He said water covered the island and the marooned victims were sleeping in grounded planes.

During the storm, Maxwell said, everyone took refuge in World War II underground Japanese gun emplacements and ammunition vaults.

Two air-sea rescue planes are expected to reach the stricken island today. The Ainsworth is expected there tomorrow.

Items Listed for Inclusion In Jointure Agreement Are Presented to Representatives

At last night's meeting of representatives of the seven Warren county school districts which are contemplating a jointure with Warren schools for grades seven through twelve, President Melvin G. Keller of the Warren Board of School Directors presented five items which his Board asks be included in the jointure agreement.

Briefly outlined, they are as follows:

That the superintendent of Warren borough schools be superintendent of the joint school district.

That a majority vote of the members of each district school board be required in (a) adopting a budget, (b) selection or purchase of school sites, (c) approval of building plans, (d) to enter into contracts for new or larger school facilities, (e) and to amend the jointure agreement.

That title to all real estate and school properties held on the date of the execution of the jointure remain the property of each individual district, together with subsequent improvements thereto.

That the seven present members of the Warren School Board become members of the jointure board together with seven representatives from the outlying districts.

That sharing of the capital outlay be dependent upon the number of pupils registered from the various districts.

While no decision could be made by the representatives attending last night's session, they will now confer again with their boards and resume the discussions at a later date, October 27 having been suggested for the next meeting.

County Superintendent of Schools W. Robinson, consolidation and transportation chief of the Pennsylvania Department of Public Instruction, which listed the third class districts now consolidated, and dealt with sharing the capital outlay cost. It said that in a majority of cases it is based on the assessed value or average daily membership. His comment was that the last method might be the most equitable.

Mr. Blair also presented a study (Turn to Page Eight)

Six Panther Jets Crash in Mountains

An Air Field in Korea, Delayed by Censor (AP)—Six U. S. Marine Panther jets crashed one after another into two mist-covered mountains in South Korea last Wednesday, killing the pilots, U. S. officers disclosed today.

A Washington announcement said the planes crashed last Thursday.

The jet fighters were part of a group of 21 returning from a combat mission in North Korea.

350 Armed Men Hunt Scranton Area for Desperate Fugitives

Vote of Confidence By Sylvania Local

Warren members of Local 833, International Union of Electrical, Radio and Machine Workers (CIO) met in the YWCA Monday and by a vote of three to one, gave a full vote of confidence to its negotiating committee currently engaged in national contract negotiations with the Sylvania Company in New York.

Negotiations are scheduled to resume in New York tomorrow with the master contract due to expire at midnight tomorrow. The IUE-CIO Sylvania conference board and negotiating committee represents over 8,000 Sylvania workers in six separate plants, including the two in Warren. Negotiations between the Company and the Union to establish wages and working conditions have been in session in New York since Aug. 5.

Sylvania's only wage offer to date, a general five per cent wage increase, was turned down by Union negotiators. Last year, the workers won gains ranging from 13 1/2 cents to 23 cents per hour in a one-year agreement.

Scranton (AP)—A force of 350 police and federal agents guarded all highways in this coal mining region today and an alerted citizenry kept watch for three "desperate and vicious" escaped convicts.

Traffic in and out of Scranton, in Northeastern Pennsylvania, came under the scrutiny of state police and FBI agents at dozens of roadblocks.

The three fugitive bank robbers, reported seen in this area yesterday, escaped from the Federal Penitentiary at Lewisburg, Pa., a week ago.

Scranton's normal complement of four FBI agents was bolstered by a crew of 21 additional G-men from Philadelphia and other cities. Hundreds of local and state police participated in the hunt.

The FBI set up a command post in the Federal Building and installed a special short wave radio for ready contact with agents and police throughout the Lackawanna Valley.

The search has become one of the greatest manhunts in Pennsylvania's history.

The hunted men are Joseph Nolen, 26, and his brother, Ballard, 22, both of Harlan County, Ky., and Elmer Schuer, 21, of Chicago. They were serving long terms at Lewisburg, some 75 miles from here, for bank robbery.

The latest leads, shifting the manhunt to Scranton, placed the men in two restaurants, three miles apart. In both places the suspected men had ordered food, then left before they ate it.

You Are Now Free to Buy New House On Whatever Terms You Can Arrange

Washington (AP)—Starting now you are free to buy a new house on whatever terms you can arrange, without any government supervision or regulation.

The Federal Reserve Board cut home buyers and purchasers of commercial property loose yesterday when it suspended Regulation X. That is the government order that since October, 1950, had set official limits on the amount of credit lenders could give in home and commercial property sales.

Regulation X applied only to new buildings.

Simultaneously the Housing and Home Finance Agency HHFA announced it was loosening its regulations governing credit in home sales where government loans or guarantees are a part of the transaction.

These moves followed notice by the Bureau of Labor Statistics and the HHFA yesterday that housing construction during June, July and August indicated that not more than 1,200,000 units would be started during the year.

Regulation X, which went out last midnight, required a down payment of at least 5 per cent on houses selling for \$7,000 or less. It imposed ever-higher down payment requirements as the sale price of the house went up, reaching 40 per cent on houses selling for \$25,000 or more.

28TH DIVISION TEAM IS AHEAD IN SERIES

Goeppingen, Germany (AP)—The Rhine Military Post team led the 28th Division Artillery nine by three games to two today in the "G. I. World Series" for the baseball championship of the U. S. Army in Europe.

The series will be resumed in Kaiserslautern today with the first team to win four games taking the title.

It is an uphill fight for the team representing the 28th Pennsylvania's National Guard Division.

"CURIUSER AND CURIUSER," SAID ALICE IN WONDERLAND

"What a strange book I have just been reading! It is about people in a land called A-m-e-r-i-c-a."

"Imagine! In every tenth house is someone who owns a share of a business."

"More than three million women and three million men own stock. Isn't six and a half million more people than were in America when Washington was president? Oh dear, I do wish I had studied my history."

"And it says the shares they own are worth over a hundred billion dollars. My head aches to think of so much money. Why, that's a hundred thousand million!"

"Curiouser and curiouser. Must be absolutely anyone can own at least some stock."

"The book says more clerks than doctors own stock. More farmers than merchants own stock. And more housewives own stock than all the presidents, vice-presidents and treasurers put together."

"And a million, three hundred thousand new people became share owners in the last three years!"

"Curiouser and curiouser!"

What's more, Alice, many of those share owners bought their stock after talking it over with another investor, who recommended the services of a member firm of the New York Stock Exchange. For it's their job to help people purchase stock... and also to help them when they want to sell.

Medical Men In Panel Discussion On Fluoridation

Three Warren dentists and three medical doctors participated in a panel discussion on fluoridation broadcast locally Sunday. The dentists were Dr. James E. Richards, Dr. V. H. McAlpin, and Dr. L. W. Krespan. The Warren physicians were Dr. Quay McCune, Dr. William Walters, and Dr. Lee Borger.

Points stressed were that fluoride enters water naturally in many regions and that the fluoride ion which reduces tooth decay is the same whether added by nature or by man.

The professional men cited some of the extensive research that has been done to show that fluoride in the small amount needed to strengthen teeth is otherwise harmless to the body. They said, this research includes many population health surveys in regions where fluoride has been added to water by nature. Several thousands of individuals of all ages and in all conditions of health were included in these population groups.

Other research studies mentioned were the use of radio-active-fluorine showing it entered the teeth, the effect of fluoride on bone, on the kidneys, on the ability of the body to eliminate fluoride, on the growth of individuals.

A number of questions were phoned in by listeners and as many were answered as possible in the allotted time.

Three Inducted In Phalanx Fraternity

In an impressive candle light ceremony at the YMCA last evening, three local boys were formally inducted into the membership of the Alpha Chapter Phalanx Fraternity. The new members were Gordon Gillette, boys' work secretary of the "Y", who came here from Williamsport, Robert Robbins, and William Irwin, recently moved here from Sheffield.

The induction team conducting the ceremonies was made up of Jack Updegraff, Frank Carr, Charles Vermyea, and Allen Anderson.

During the business meeting which followed the induction, Robert Robbins was elected tribune to replace Ralph Hoffman, who will be leaving shortly, and Charles Vermyea took over the position of quæstor, replacing John Wood, who has left for school.

TWO YOUTHS KILLED

Two youths were killed in area traffic accidents over the week end. The dead are Alden Johnson, 16, son of Mr. and Mrs. William Johnson, R. D. 1, East Kane, the victim of a hit-run motorist Sunday morning, and Kenneth Rust, 22, R. D. 1 Franklin, son of Mr. and Mrs. Harley Rust Sr., driver of a car which Franklin state police said rammed into the rear of a tractor-trailer truck Sunday on Route 8, one-half mile from Franklin.

TRAFFIC CHECKS

Chief of Police Mike Evan stated this morning that while no concerted drive is being made on traffic violations, his department is continuing its perpetual campaign, currently paying close attention to violations near schools. He points out that in school zones, during the times of children going to and from school, and during recess times, the speed limit is 15 miles per hour, according to the vehicle code. All school zones in Warren are clearly marked, and motorists are urged to pay close attention to them. Several arrests have been made in the past few days where drivers were going too fast.

In Beaverdam in time for the morning worship service at the Menomonee Church and back in Berlin, O., for the evening service Rev. Paul Hummel handled the two services easily by flying here yesterday morning from the Ohio community and then taking off early yesterday afternoon for a return trip. In a plane piloted by a Mr. Mast of Sugar Creek, O., he landed in a large clover field on the Ivan Miller farm near the church and took off from there a few hours later. Rev. Hummel was serving as a supply pastor since the vacancy created in the pulpit by the resignation of Rev. Jacob Weirich has not been filled yet.

MOVING LOSES VOTE

With the period of registration to qualify for November elections closing Saturday night, another period closed yesterday, according to county elections officials. Any person who moves from one voting precinct to another between now and November 4 is not eligible to vote at that time. If he moves within the same precinct, he may file a change of address with the judge of elections at the polling place on election day. In other words, a citizen residing in the Fifth ward may move to another location within the same ward and still be eligible to vote. If he moves to the First ward, he will lose his privilege this time. Officials are of the opinion that legislation to correct this condition is to be introduced at the next session of the legislature, whereby some provision will be made so that a voter will be enabled to retain his ballot.

CAR DEMOLISHED

Two men were injured and a 1940 Pontiac coupe virtually demolished in an automobile-railroad engine collision on the grade crossing at the eastern end of Crescent Park about 11:10 p. m. yesterday. The car was operated by Ralph Evans, of Kinzua, who was treated at Warren General Hospital for scalp and nose lacerations, and admitted for observation and X-rays today. A passenger, George Smith, also of Kinzua, was treated for a cut over the right eye and discharged. According to state police, who investigated, Evans was driving east on the road and the engine, a light steam locomotive, was proceeding to Warren from Kane, with George Johnson, of Kane, as engineer. Weather reports indicate that it was extremely foggy at the time of the collision.

TRUE BILLS FOUND IN FOREST CO. CASE

Tionesta — A Forest County grand jury today returned two true bills in the case of James Bennett, 43, of Tionesta, who was arrested after a fatal automobile-tractor accident last Friday night. One charge was involuntary manslaughter and the other was driving while under the influence of intoxicating liquor. The case will come before the December term of court. Bennett was the driver of a car which smashed into the rear of a tractor about two miles south of here. Miles A. Taylor, 37, of Tionesta, the tractor driver, was thrown from the machine and killed.

Y. M. C. A. BOARD TO MEET ON THURSDAY

The YMCA Board of Directors will meet at the association building Thursday for their monthly business meeting, convening at 5:30 p. m. for supper. President Don H. Mowell will preside.

Reports of the standing committees will include the building committee's account of the major repairs made around the "Y" this summer, and the plans of other committees to step-up the services of the "Y" this fall and winter, including greater use of the newly-beautified swimming pool.

Water User Calls Attention To Fluoride Protest In South

Editor Times-Mirror: Will you
kindly print the following from
the Mount Dora Topic, Mount
Dora, Florida, August 7, 1952:

The purring motors which have
been quietly pumping sodium fluo-
ride into the city's reservoir and
thus through the water mains to
homes throughout the area were
silenced Wednesday in the wake
of a comparatively roaring protest
from citizens spoken at Monday's
referendum on fluoridation.

Acting on the vote of citizens in
which fluoridation was defeated
more than 3-1, the City Council
Tuesday night ordered the prac-
tice abandoned.

No action was taken on what is
to be done with the special equip-
ment that the city purchased for
the start of fluoridation in Octo-
ber, 1950. The \$1,055 worth of
motors and pipe, the mixing vat
and the testing equipment ap-
parently will remain in their spe-
cial building at the city's munic-
ipal waterworks until official ac-
tion is taken for their disposal.

Councilman Wayne Moon, who
had voted in favor of fluoridation
in previous meetings, made the
motion to halt the practice as
City Clerk William Stewart read
the official results of Monday's
balloting—732 against fluorida-
tion; 238 for its retention. The
total of 970 ballots—nine were
discarded as improperly marked—
was the largest vote ever recorded
on a city issue. Seconding the
motion was Councilman Ernest
Mosteller, another who had been

pro-fluoridation in previous ses-
sions.
Mosteller's comment that the
city might have to delay ending
the program until it received an
okay from the State Board of
Health was quickly challenged by
Councilman William Prinz, a lead-
er in the long fight against the
practice. Prinz declared that the
State had said "it had not told
Mount Dora to put it in, so there-
fore it would have nothing to say
about taking it out."

Council quickly dropped the
touchy subject then as unanimous
approval to Moon's motion was
voiced.

The official action to end fluo-
ridation brings to a halt a four-
month controversy which has
plagued the city, and which was
being carefully observed by scores
of cities throughout the country
who are contemplating the prac-
tice or are also in the midst of a
battle for halting it in areas
where it has been adopted. It
was reported that Sanford where
equipment was installed some
weeks ago, was waiting the out-
come of Mount Dora's vote before
the valves were turned on. In
Washington, D. C., a Citizens'
Committee gave notice to Con-
gressional representatives that a
suit is being prepared on the con-
tention that fluoridation is in vio-
lation of the Bill of Rights. In
Daytona Beach, a Council meet-
ing Monday night to read a fluo-
ridation ordinance was interrupted
with the announcement of Mount
Dora's 3 to 1 vote against it.

Springfield and Northampton,
Mass., both eagerly requested re-
sults of Mount Dora's vote as an-
nouncement to be used in a citizens'
fight against fluoridation.
At Natchez, Miss., the League
of Women Voters asked for re-
sults of Mount Dora's referendum
for presentation to the city's
Board of Aldermen, which is be-
ing asked to fluoridate that city.
For Clarence J. McKenzie, of
Mount Dora, Sylvan Shores, Franklin
Park and their outskirts was
sweet victory. The winter resi-
dent has led a long crusade against
the practice on the ground that
sodium fluoride is a poison, that
many medical men disapprove of
it; that it is even doubtful that
it serves its claimed purpose—that
of protecting the teeth of children
against decay—and that strong evi-
dence shows that it is injurious
to older people whose systems are
weakened. He wired his gratitude
from his summer home in Massa-
chusetts.

Fluoridation was mainly defend-
ed by the city's doctors and den-
tists under the leadership of Dr.
Robert Vason, the dentist who had
approved its start in 1949 when
the subject was introduced at a
joint Lions-Kiwanis meeting in
July by Dr. A. P. Black, head
of the chemistry department of
the University of Florida.

In a letter to Dr. H. Trendley
Dean of the U. S. Public Health
Service a copy of which was sent
to Dr. Vason and the editor of
the TOPIC, Dr. Black commented
on the expected defeat of fluori-
dation in Mount Dora. He said:
"While I can understand the re-
luctance of many people to accept
the word of outside speakers, such
as myself, I find it extremely
difficult to understand how they
can 'ignore the advice of their
own doctors and dentists, who
alone, of their own local group,
are qualified to make such deci-
sions.'"

NOTE: "The people were fooled
ONCE by these dentists who were
briefed by this same Dr. Black.
Dr. Black does not explain HOW,
otherwise, or WHERE advocating
dentists of fluoridation came to be
qualified to ADVISE people, or to
DECIDE for them what they
should have in their water to
drink. The Delaney Committee
has issued a WARNING to the
Nation's cities NOT TO RUSH
MADLY INTO FLUORIDATING
water supplies for the simple rea-
son THAT NONE OF THE TOP
'EXPERT' WITNESSES TESTI-
FYING FOR FLUORIDATION
COULD ANSWER SATISFAC-
TORILY ALL THE QUESTIONS
PUT TO THEM."

REVITALIZED ROK ARMY

The recent strong showing of South Korean forces on the central front in Korea is heartening news. The troops involved were, of course, the crack Capitol Division, of whom much is expected. But the performance nevertheless was good for South Korean morale generally.

It was good for more than that. Gen. James A. Van Fleet, commander of the American Eighth Army in Korea, has been engaged for months in an intensive program to train and re-equip the entire South Korean army so it may one day stand on its own feet in the defense of its soil. The South Koreans need to see evidence that they can do this, even on a limited sector of the front.

After more than a year of fruitless peace negotiations at Kaesong and Panmunjom, none of the Western nations looks with optimism upon the Korean situation. Wishing neither to widen the war nor to pull out, our leaders have allowed themselves to become enmeshed in apparently endless and pointless proceedings at the council table.

About the most positive thing that has developed in recent months is our repeated insistence upon truce talk recesses so long as it is evident the Reds do not intend to discuss terms seriously. This keeps alive the machinery for negotiation without reducing our truce team to a mere captive audience for Red propaganda.

Since these talks have proved so thoroughly unproductive, their sole important effect has been to dampen military activities and create a stabilized, if not a stalemated, front. Perhaps that is the way the Communists want it—a stability that does not drain Chinese and North Korean and Russian substance too heavily but yet keeps us occupied, denying us the opportunity to ease off in manpower and materiel.

If that is the Red aim, there is no way we can extricate ourselves from the dilemma it poses except to find adequate substitute for the American and other Allied forces now holding the line. That's where Van Fleet and his South Korean training program come in.

The one big hope for us at the moment in an otherwise dismal situation is that the South Korean army may become a truly formidable force. If it does, then the South Koreans may be safely entrusted with the future defense of their own country, and our land, air and sea divisions may be largely freed for other services or to return to normal civilian pursuits.

It would be unrealistic to imagine the South Koreans at the best could take care of their own equipment needs. These we shall most certainly have to fill, even if there is not an American soldier on Korean soil. But this would be a relatively small burden compared to what we are bearing today.

A PRAYER FOR BLOOD

In connection with the visit of the Red Cross Bloodmobile to the Sylvania plant tomorrow a reader suggests printing the following plea:

Dear God—since Fate commits me here
So far from those I hold so dear
Give me the strength to see it thru
And do my best for man and You.
I ask not much from my fellow men—
Just a chance to live and see home again.
I didn't ask for this fighting game
But when I was beckoned, Lord, I came
And now I lie in the rain and mud
Life ebbing away for the lack of blood.
Isn't there someone—somehow—somewhere
Who has a pint of blood to spare?
Dear God, can't you make them see
How much it would mean to a guy like me?

WARNING TO MOTORISTS

Many complaints are being received about the way some motorists speed through the Lacy school area in Pennsylvania avenue east, many of them disregarding the traffic light and other warnings. A suggestion has been received that a "silent traffic officer" be secured and placed in the intersection at the school crossing. In the meantime it should not be necessary to remind drivers of motor vehicles of the necessity of using extreme caution in all school areas, both in the borough and county.

Water Boy

Here And There

Fifty years ago legal details were rapidly being worked out for the construction of an interurban trolley line between Warren and Jamestown, as was evidenced by the following from the Tuesday, September 16th, 1902, issue of The Warren Evening Times:

Frank H. Mott, representing the Warren and Jamestown Street Railway Company, went before the Jamestown Board of Aldermen at a meeting held last evening and presented an application for a franchise through and upon certain streets in the city of Jamestown.

Mr. Mott said: "Under the laws of the state it is necessary in a case of this kind that the matter be advertised for a considerable time in the newspapers of the city. The parties concerned in this enterprise, both in this city and Warren, are men of financial responsibility. In order to place this matter directly before Council, I have prepared a certain form of application which I will ask Mr. Jones to read. At present there is nothing to be done by the directors of the corporation until this body takes action."

The application presented by Mr. Mott on behalf of the Jamestown and Warren Electric Railway Company is signed by David H. Siggins as president, and T. S. Lane secretary.

The application sets forth the streets over which the line would travel including access to Jamestown over Foote avenue.

Following the reading of the petition Alderman Swanson presented a petition in effect declaring that in the Common Council Chamber at 7 o'clock in the evening the men will take into consideration the application.

The resolution, in accordance with state requirements, postpones action on the application for at least three weeks. It is understood the corporation has the public rights and private privileges needed to building a road from Warren to Jamestown. The majority of private consents have been obtained in the city of Jamestown.

Our old friend William H. (Bill) Rudolph, 114 St. Clair street, has a gripe and we don't blame him. We printed a nice picture last Friday

on page 12, showing a man holding what was described as a walleye pike that weighed 13 pounds five ounces, and was 33 inches long, which qualified the fisherman for membership in the Che-Ge-Gon Club of Traverse City, in the Grand Traverse Bay Region of Michigan. Bill's gripe is that the name of the man, as printed was "William Randolph," of Warren, Pennsylvania. It was Bill who caught the record pike, and he has the plaque presented to him to prove it. According to the notation on the back of the trophy Bill qualified for membership in the honorary society of expert and extraordinary "fishermen" and has been cited as a member of the Che-Ge-Gon club. The notation, September 5 signed by G. Clyde Wilson, chairman of the Conservation Committee of the Traverse City Chamber of Commerce, keeper of the records of the Che-Ge-Gon club, in the presence of Pearl M. Bauman, notary public. Our apologies, Bill. Congratulations and may your next catch be even larger.

Terse, Tart and Timely: Attention of Kiwanis members is called in this week's bulletin to the fact that with a club membership of 66 the attendance percentage last week was but 61%, and it is a foregone conclusion that President Chet Betts and his officers and committees are doing something to stimulate larger turnouts at the Wednesday noon sessions. . . . One of our motoring readers calls attention to the beauties of the dahlia gardens along the Lake road near Chautauqua, and reports that Sunday afternoon cars lined both sides of the highway for the equivalent of several city blocks in either direction admiring the blaze of colors across the fields, and describes it as "stooopendous".

The Concord Grape Industry of the Lake Shore fruit belt will be glamorized in connection with the 27th annual North East Community Fair Thursday through Saturday evening, with the coronation of a queen, Janice Halloran, at the high school at eight o'clock Thursday as one of the highlights. . . . Fog settled over the valley in the Warren area late this morning, after the sun began peeping over the eastern horizon; between six and seven o'clock the air was clear, but by 7:30 it was difficult for motorists to travel faster than a snail's pace because of the thick mist.

McGranery Seen Losing Post Before Justice Cleanup Ends

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—They're coming to work on time at the Department of Justice now, and showing some interest in their work.

When Judge James Patrick McGranery of Philadelphia first took over as U. S. attorney general less than four months ago, he found that many of the attorneys were reporting for work around 10 o'clock in the morning. They had a very good reason for this. They said they had nothing to do. Things were that bad.

Four months is of course insufficient time in which to clean up completely a government department of 4500 people, when it has been going down hill for six years. This figure of 4500 takes in only the staff that is supposed to be the government's top law enforcement agency.

Best estimates now are that it would take another year and a half to reorganize and restaff the Department of Justice and get it running as it should be run. Attorney General McGranery doesn't have that much time. He has only another four months before a new administration takes over.

So cleaning up the mess in the Justice Department won't get done by the incumbent A. G. unless, of course, Governor Stevenson should be elected President and decide to keep Judge McGranery in his cabinet to finish the job he has just started.

That is considered pretty much of a political long shot. For Governor Stevenson already has as his Democratic National Committee Chairman Stephen A. Mitchell, who was the original counsel for Rep. Frank Chelf's House Committee assigned to investigate the Department of Justice.

Judge McGranery is a personality that Washington has not quite figured out. He is playing his cards awfully close to the vest.

He is working with the Chelf Committee instead of fighting it as his predecessor, J. Howard McGranery, did. Chairman Chelf and his ranking Republican colleague, Rep. Kenneth E. Keating of New York were at first inclined to keep the new A. G. at arm's length. They regarded him as their enemy—the guy they were after.

When the attorney general assured the Chelf Committee that it could have any files in his department which it could present a sound reason for wanting to examine, the ice melted. The only exceptions Judge McGranery makes are files on cases under active prosecution by the department and files on cases affecting national security.

Judge McGranery has also changed the McGrath formula by allowing and encouraging congressional committees to do part of his cleanup work for him.

In addition to the coming Chelf Committee investigation into the tax cases handled by ex-Assistant Attorney General T. Lamar Caudle, this will include the Senate investigation of the Alien Property custodian's office.

Judge McGranery installed Dean Rowland Kirks of National University Law School as Alien Property custodian for a trial. That appointment will apparently stick. Kirks replaced Harold I. Baynton.

In June, McGranery let go two other assistant attorneys general, H. Graham Morrison in Anti-trust and William A. Underhill in Lands Division. Lester Luther, U. S. attorney in Kansas City, was ousted at McGranery's request in August and Deputy Attorney General A. Devitt Vanech was allowed to resign.

Still other heads are to roll in the near future. Judge McGranery is apparently waiting until he can get ironclad cases against those whom he would oust.

UNCLE EF

The postmaster here is a Democrat, of course, and he upset the Republicans no end a few days ago. He started building an addition to his house. The Eisenhower Club called a hasty meeting and resolved that if the postmaster was that certain of his job, it was high time the General started using strong language.

YEARS AGO

SNOW, ALREADY? NO SOAP—Motorists traveling along Canal Road in Valley View, near Cleveland, Ohio, are tempted to roll up the windows and turn on the heater, for foamy, white drifts line the banks of the canal. It's not snow, and although it feels like soapuds, it isn't soap. So far, officials haven't been able to trace the source of the mysterious drifts.

KEEPING THEIR FINGERS CROSSED—Mrs. Virginia LeTourneau, right, joins with her husband, Armand, center, and her son, Armand, Jr., in crossing their fingers in the hope that she will win a release from jail in Los Angeles, Calif. Mrs. LeTourneau has promised a reconciliation with her husband who threatened to divorce her after she eloped with 17-year-old Jimmy Sherwin last spring. She was jailed on charges of contributing to the delinquency of a minor.

GOP HARMONY—Sen. Robert A. Taft of Ohio, right, chats with Gen. Dwight Eisenhower at their breakfast conference at Eisenhower's Columbia University home in New York. It was their first meeting since Ike defeated "Mr. Republican" for the presidential nomination in July. After the meeting, Taft told newsmen that he would support Ike by "doing everything possible." The Ohio senator added that he and Ike differed on some issues of foreign policy, but only in degree.

Miss Calderwood Takes Audience on Smith Choir Tour

With the aid of slides, Miss Cynthis Calderwood told of her recent tour of England and Europe as a member of the Smith College Chorus at the first monthly dessert-meeting of the YWCA.

She brought out the fact that the purpose of this tour, which was sponsored by the State Department, was to bring the music and culture of America to foreign lands. Touring England, Holland, Denmark, France, Switzerland and Italy, members of the choir not only took good will to those countries but received an insight into the customs of other lands.

Wearing the uniform of the choir, Miss Calderwood told of their various concerts, pointing out that every three weeks the members received a vacation, and thus saw many other points of interest. With humorous stories and beautiful slides, she brought an interesting and entertaining program to the 50 women in attendance.

Acting as hostess was Mrs. Melvin Keller, while Mrs. Milton Witz was in charge of refreshments.

These YWCA dessert-meetings are held once each month, with the current program announced in the Times-Mirror one week in advance and reservations to be made by calling the activities building. Membership in the YW is not a requirement for attendance at these entertaining events.

St. Joseph's Group To Sponsor Supper

There were 55 persons in attendance for the first fall meeting of St. Joseph's Parent-Teacher Unit, President Charles W. Musante extending a cordial welcome to new members and expressing the hope that all the parents of children attending St. Joseph's school will avail themselves of the opportunity of attending these monthly meetings to see how their children are progressing and to lend their aid in the various projects sponsored by the unit.

After routine reports had been given by the standing committees, it was announced a spaghetti supper will be held October 21, with Elsie Sealise as chairman; Ann Suppa, co-chairman.

Guest speaker for the evening was District Attorney M. A. Kornreich, who gave a very interesting talk on the duties and work of his office, and conducted an informal question and answer period which was much enjoyed.

In conclusion, lunch was served by officers and committee chairman under the direction of the hospitality chairman, Mrs. Patricia Borger.

HOSPITAL AUXILIARY MEETING AND TEA

The president of the Warren General Hospital Auxiliary, Mrs. Frederick Beardsley, has announced the annual meeting and tea will be held Friday, October 10.

Members of the Auxiliary will be contacted by mail and any woman in Warren county who desires to become a member of this organization is urged to contact either Mrs. Beardsley or Mrs. Wooster, phone 147.

It is also reported the benefit chain card parties are progressing nicely, and each link is urged to complete her chain as soon as possible.

Department Chapeau Installs Officers At Meeting of Eight and Forty Salon

In a special meeting of Warren County Salon 405, Eight and Forty, held at the YWCA activities building, Ivan Houseknecht, departmental chapeau, was present to install officers of the salon for the coming year.

A short business session was conducted by the retiring chapeau, Medina Cannon, when annual reports revealed fine co-operation in fulfilling department obligations as well as local progress in forwarding the program of prevention of tuberculosis in children.

Three new members were received into the organization during the past year, and a scrapbook of newspaper publicity was submitted at the department convention held in Philadelphia August 6.

The following officers were presented and installed: Chapeau, Evelyn P. Gailor, Sheffield; demi-chapeau premier, Mary A. Harrah, Warren; demi-chapeau deuxième, Mary Johnson, Youngsville; archivist, Florence Mourer, Youngsville; laumonier, Blenda Hinkley, Sheffield; la concierge, Ella Wallace, Warren; le secretaire, Phyllis Epstein, Sheffield; cassiere, Effie Speidel, Warren.

Mrs. Houseknecht, in her message to the members, requested that copies of publicity be sent to the department and national chapeau. In an inspiring manner, she pointed out the importance of the Eight and Forty program: the prevention and care of juvenile tuberculosis, stating there is only one hospital in the state which accepts children and urging that members work with the local tuberculosis organization for local prevention. She also told about the National Jewish Hospital in Denver, Colo., a non-sectarian hospital for

Ruth E. Schwing Is Wed Sept. 13th to R. W. Etherington

Mr. and Mrs. Ed Schwing, 2 West Third avenue, announce the marriage of their daughter, Ruth E. Schwing, to Robert W. Etherington, Valley Falls, R. I., in a ceremony performed in Buffalo, N. Y., Saturday, September 13, by the Rev. Albert Dodd, pastor of the Presbyterian church.

The bride, graduate of Oberlin College, the University of Wisconsin, and the Dyke School of Commerce in Cleveland, has been employed as executive secretary to Dr. Robert L. Faulkner, secretary of the American Board of Obstetrics and Gynecology, in Cleveland. Mr. Etherington, veteran of U. S. Army service, holds a bachelor of science degree from Province College, a master's in science from Case School in Cleveland, and will complete in 1953 his studies for a doctor of philosophy at Case.

The newlyweds will leave September 23 for Corpus Christi, Texas, where they will make their home and where Mr. Etherington will be employed in the research department of Celanese Corporation.

CELEBRATES BIRTHDAY

A surprise birthday dinner was given at the Blue and White Restaurant by Mr. and Mrs. Russell Sheets to honor their daughter, Theresa. Following a delicious dinner, the honored one was showered with lovely gifts from the following:

Mr. and Mrs. George Tulga, Mrs. Sam Salapek, Mrs. Mary Arigo, Barbara Anderson, Jackie Kittner, Shirley Johnson, Jerrie Downey and Frank Salapek.

CLARENDON AUXILIARY

Several important topics were given consideration at the regular meeting of the Clarendon Fire Department Auxiliary. Members made plans for a bake sale to be held September 27 in the Miller Confectionery; and heard reports of prizes won by the women's marching unit in Kane, Russell and Sugar Grove parades. Hostesses for the meeting were Geneva Frank and Polly Fairbairn.

at a table decorated with fall flowers and yellow candles. Mrs. Marvin Wilkins was in charge, assisted by Warren members in Group One.

The next meeting of the Salon will be held at the home of Alice Streeter in Youngsville.

WED IN GERMANY—Mr. and Mrs. Martin Tiburaky, of Echenbald, near Nurnberg, Germany, have announced the marriage of their daughter, Brigitte, to Eiton L. Wenzel, son of Mr. and Mrs. Luther Wenzel, Warren RD 2, in a ceremony solemnized on July 30, 1952.

Mr. Wenzel has served three years in the armed services, with two years and seven months' duty in Germany, and received his honorable discharge on September 8, 1952. His bride will come to the States in the near future and they will make their home for the present with his parents in Warren RD 2.

BAPTIST MOTHERS BEGIN NEW SEASON

The First Baptist Mothers Club held its first fall meeting at the church in the form of a tureen dinner supervised by Mrs. Russell Irwin, Mrs. Jack Moore, Mrs. Clyde Loomis, and Mrs. Eugene Brown.

Following dinner, the president, Mrs. Russell Irwin, conducted the business session, with routine reports of the secretary and treasurer, and devotions in charge of Mrs. William Colter. Mrs. Eugene Brown was appointed by the president to fill the vacancy in the office of treasurer created by the resignation of Mrs. Glen Groves.

After the business meeting, a series of games was enjoyed by the membership.

Four more members of the Warren High School graduating class of 1949 will take their places among the ever-growing ranks of the women in white following 1952 commencement exercises held Friday evening, September 12, by St. Vincent's Hospital School of Nursing at Erie.

Receiving their diplomas and nursing pins in special exercises

held in the school auditorium, along with the other graduates, were these local young women:

Rose Marie Manno, daughter of Mr. and Mrs. Joseph Manno, 916 Fourth avenue; Connie Mazzuca, daughter of Mr. and Mrs. Michael Mazzuca, Pleasant township; Anna Mae Siliano, daughter of Mr. and Mrs. Anthony Siliano, 814 Fourth avenue; Kay Hornstrom, daughter of Mr. and Mrs. Wenell Hornstrom, Sugar Grove RD. 2.

oyce L. Mack and Meredith R. Phelps have Candlelight Rites September 12

First Church of the Nazarene as the scene of a lovely late summer wedding at 7:30 p. m. Friday, September 12, when the Rev. John Andree united in marriage oyce L. Mack, daughter of Mr. and Mrs. Vernon L. Mack, Stonum, and Meredith R. Phelps, son of Mr. and Mrs. Raymond Phelps, 13 East street, Warren.

The single ring service was read in a setting of white glads and pomps, candelabra holding white tapers, all against a background of ferns. Traditional wedding music was played by Elizabeth Huck, organist, and Norma Hills, Lander, sang "O Promise Me" and "The Lord's Prayer".

Escorted by her father, the bride wore an exquisite gown of white chantilly lace and nylon net over satin, with off-the-shoulder

illusion neckline, long, glove-like sleeves, and ballet length bouffant skirt. Her veil of illusion net fell shoulder length from an orange blossom Juliet cap and white carnations fashioned her arm bouquet. Her pearl necklace was the bridegroom's gift.

Norman Huck was best man for Mr. Phelps and ushers were Ronald Mack, brother of the bride, Niagara Falls, N. Y.; Charles Lucie, Wyoming, N. Y.

The bride's mother chose a gray taffeta print and Mrs. Phelps wore deep purple, each with a yellow carnation corsage.

Relatives and friends numbering 85 were greeted for the reception which followed immediately at the YWCA, white glads and a threatened cake with miniature bridal couple centering the bride's table.

Joyce McFarland poured, with Agnes McFarland cutting the cake and Mrs. Gerald Wallin, Mrs. Arthur Briggs, Mrs. William Lawson, Verna Mae Tower and Alice Mae Lawson as aides. Mrs. Charles Lucie, Wyoming, N. Y., was in charge of the guest book.

Out of town guests were from Niagara Falls, Wyoming, Buffalo, Colorado, Jamestown, N. Y.; Corry, Russell, Lander, Youngsville, Sheffield.

For a southern wedding trip, the bride chose a two piece navy suit, gold topper, navy and white accessories and a white rose corsage. They will be at home after September 22 at 201 Russell street.

Both Mr. and Mrs. Phelps are graduates of Warren High, the bride employed by New Process Company and the bridegroom associated with his father in business.

Honoring the bride-elect have been Mrs. Norman Huck and Joyce McFarland; Verna Mae

Tower; Mrs. Lorentz Lindbergh; Marilyn Johnson, Sheffield; Mrs. Glenn Slocum, Mrs. Ted Jefferson, Mrs. Angelo Ceriola; a dinner at the Blue and White by NPC friends; and fellow employees of the NPC. Mrs. Vernon Mack gave the rehearsal party.

Treasure Hunt Is Opening Feature Of Y-Teen Season

There were, no doubt, many local residents who were amazed by the swarms of girls running through town last night. These groups could be easily identified by the pieces of pink paper held victoriously by the finders. Another factor which identified these girls, was the punctuation in their running, as a scream pierced the air, another poem or pun was read and deciphered, and the next stampede was on.

Approximately 160 girls attended the first Y-Teen meeting of the year, held last night in the activities building of the YWCA. After a short business meeting, these girls, divided into five groups, were sent off in five different sections of town, tracing clues which were found in a great variety of places. The "treasure" they sought was pop and potato chips which were waiting for them in the Y gym.

One group followed fourteen notes and was back in less than one-half hour. Some of the other groups ran into difficulty, however, when pranksters have torn the clues to bits, or even worse, removed them.

Yes, 160 girls were rather tired when they left the "Y" last night, but now that their capacities are known, this amazing amount of "woman power" can really be harnessed for an active year.

Mr. and Mrs. James Alfred Blomquist, North Warren, announce the engagement of their eldest daughter, Rachel Audrey, to Ralph Thompson Loree, son of Mr. and Mrs. Ralph R. Loree, Tucson, Ariz. The wedding will take place Saturday, October 11.

LUTHERAN EVENTS

Mr. and Mrs. Henry F. Blick, Jr.

A beautiful candlelight ceremony in Calvary Baptist church at 7:30 p. m. Thursday, September 11, united in marriage Mary Louise, daughter of Mr. and Mrs. William F. Hibner, 400 Edgewood Place, and Henry F. Blick, Jr., son of Mr. and Mrs. H. F. Blick, 103 Lookout street.

The Rev. Fred Miller read the double ring service in a setting of palms and nymphs, white glads and candelabra, with holly sprays and white satin bows marking family pews, and candelabra at alternating pews and in each window enclosure.

Mrs. Clarence Swanson, aunt of the bridegroom, played a half-hour organ recital and Mrs. Everett Borg sang "Heaven's Grace That Made Thee Mine", "Thou Art My Own", "O Perfect Love", and, during the ceremony, "The Wedding Prayer" and "Saviour, Like a Shepherd Lead Us".

Given in marriage by her father, the bride was beautifully gowned in white slipper satin and imported lace, fashioned with nylon yoke, lace bodice in bolero style, satin midriff, and long lace sleeves tapering at the wrists. Her very full skirt, with wide front panel of scalloped lace, ended in a full court train. A Juliet cap of lace held her fingertip veil of imported illusion and her single strand of pearls was the bridegroom's gift. A white orchid with streamers was carried atop a white Bible.

Attendants were Kay Hibner, as maid of honor; Mrs. Margaret Donham, Cincinnati, O., the bridesmaid; and Barbara Swanson, cousin of the bridegroom, as flower girl. Miss Kay wore antique green lace and taffeta, with headpiece of orchid and yellow pom poms to match her cascade bouquet; Mrs. Donham's orchid lace and taffeta was complemented with the same flowers, and Miss Barbara, in a long orchid frock, carried a basket of pastel rose petals and had flowers in her hair to match those of the other attendants.

Completing the bridal party, Robert A. Donham was best man; ushers were Harold Hibner, William Frederick and Myron Rydholm, with Johnny Hibner, nephew of the bride, as ring bearer.

All wearing yellow roses and black accessories, Mrs. Hibner chose a plum colored frock; Mrs. Blick was in cadet blue, and Mrs. C. O. Swanson, grandmother of the bridegroom, chose a green dress.

A reception for 200 guests followed at 8:00 p. m. in the YWCA, where the bride's table was centered with white glads and asters and small white flowers and greens encircled the five-tier wedding cake. Mrs. William Frederick served the cake; Mrs. Harold Hibner, sister-in-law of the bride, and Ellen Swanson, aunt of the bridegroom, presided; Mrs. Lois Hausmer and Mrs. Bernice Kifer were aides; and Sabra Nichols was in charge of the guest book. Out of town guests were from New York, Jamestown, Buffalo, Rochester, N. Y.; Cincinnati, O.; Franklin and Youngsville.

After a short wedding trip, the couple will return September 14, remaining in town until the 22nd, when they will go to New York, to sail September 24 on the SS Cristobal for the Panama Canal Zone. They will make their home at that station until Mr. Blick has completed his tour of duty with the Army. For travel, the bride selected navy accessories and her white

bridal orchid with a chartreuse colored suit.

Mrs. Blick, graduate of Warren High in 1951, has been employed at the New Process Company and has been honored by the following: Mrs. E. B. Anderson, Bernice Kifer and Mrs. Marjorie Schirck; Mrs. H. F. Blick and Ellen Swanson; with the senior Blicks giving the rehearsal party.

Mr. Blick, graduate of the local high school in '47 and of the Cincinnati College of Embalming in 1951, is presently stationed with the Army Medical Service in the Canal Zone.

Anderson and Ochs Wedding Saturday At Lucinda Church

St. Joseph's church at Lucinda was the scene of a beautiful wedding Saturday morning at ten o'clock when Edith Ochs, daughter of Mr. and Mrs. Ambrose Ochs, became the bride of Ronald Anderson, son of Mr. and Mrs. Oscar Anderson, of Warren.

The Rev. William Hall officiated for the double ring ceremony and Miss Martina Griebel and the Joseph's High School Choir, furnished the music.

Given in marriage by her father, the bride wore a white, ballerina-length, short-sleeved satin gown and her finger-tip veil was held in place by a pearl-trimmed headpiece.

Mrs. John Blum, sister of the bride, and matron of honor, wore pink net over taffeta, with matching headband.

Best man for Mr. Anderson was his cousin, Jerry Loffman.

The bride's mother wore an aqua dress with black accessories, and Mrs. Anderson wore a navy dress with matching accessories.

Following the ceremony, dinner was served for 27 persons at Sportsman's Paradise and a reception was held at the bride's home for 75 guests.

After a wedding trip to New York City, the Andersons are residing at 416 Fourth avenue, Warren. Both are employed at the New Process Company. The bride is a graduate of St. Joseph's High School at Lucinda, and the bridegroom of Warren High School, 1949.

Out of town guests were from Chicago, Ill.; Ashtabula, O.; Pittsburgh, Warren and Tyersburg.

GOLDEN WEDDING OF OSCAR BRUSTROMS

The hours will be from two until four in the afternoon and from seven until nine in the evening, and all relatives and friends are cordially invited to call.

PLANNING FOR HEALTH CARE with BLUE CROSS and BLUE SHIELD

Are you in this picture?

These doctors and nurses are concentrating on the welfare of one person, the patient. He might be someone you know. He might be you. But, whoever he is—and in spite of his illness—he's lucky. He's lucky to live in these days of modern medical and hospital service—because it means that his chances to enjoy a long and healthy life are better than ever before.

When you need health care, you shouldn't have to postpone it because you "can't afford it." Prompt care saves lives and helps to prevent

more serious complications. Nearly half the people in Western Pennsylvania have found security against the costs of hospital care by joining Blue Cross—and many of them also have Blue Shield protection against the expenses of medical and surgical care. These are the non-profit Plans recommended by your own doctor and your community hospital.

Write or call The Hospital Service Association today to find out how you can make this program part of your health care picture.

McManigles Are Pleasantly Feted For Anniversary

Nieces and nephews of Mr. and Mrs. Charles McManigle, 19½ South Carver street, entertained for the golden wedding anniversary of the couple with open house at the American Legion Home on Sunday.

About 75 relatives and friends called between the hours of two and ten to extend best wishes and congratulations, coming from Painesville and Akron, O.; Buffalo, Jamestown and Falconer, N. Y.; Youngsville, Sheffield, Barnes and North Warren.

The home was beautifully decorated with fall flowers and the serving table was an attractive setting in gold and white. A center arrangement of yellow pom-poms and roses was a gift of the Rebekah Lodge, yellow tapers were used throughout, and the three-tier wedding cake was accented with golden colored rosebuds.

Mrs. Minnie Stevenson, North Warren, and Mrs. Hazel Peterson, Warren, presided, while Mrs. Elizabeth Buzard served the cake. All three are sisters of Mrs. McManigle, and a niece, Nancy Buzard of Jamestown, managed the guest book. The honored ones were remembered with lovely gifts, a purse of money, and many greetings.

The McManigles were married in Jamestown, N. Y., on September 12, 1902, attended by Mr. and Mrs. John Stevenson, North Warren, sister and brother-in-law of the bride. Both were present Sunday for the happy anniversary occasion.

Fluoridation Given Membership Vote By Jaycee Auxiliary

There was a good sized turnout last evening at the YWCA for the first fall meeting of the Warren Junior Chamber of Commerce Auxiliary, including a number of new members welcomed and introduced to the group.

Mrs. Matthew Bova, president, conducted the business session when plans were made for a card party to be held the latter part of October. Mrs. Harry F. Schmidt, Jr., was appointed general chairman for the affair, with Mrs. Robert Geiger as refreshments chairman.

The matter of fluoridation of the borough water supply was discussed and the membership voted its approval of the project.

For the program, Leroy Schneck conducted an informal interview with each member in a get-together, refreshments were served by Mrs. Willis Lundahl and her committee, Mrs. Schneck, Mrs. Bernard Bloom, Mrs. John Lasher, Mrs. Nick Wendelboe and Mrs. David Deardorff.

CAUTION CANCELING NEW ORLEANS DANCE

The Warren Youth Canteen board announces today the New Orleans dance, originally scheduled for Saturday night of this week, has been canceled because of many conflicting activities on that evening. This affair will be rescheduled at a later date, the committee states. In the meantime, there will be a regular dance at the Canteen on Saturday and a large turnout is hoped for.

Following last night's meeting of the Youth Canteen board and announcement of the change in this week's dance plans, it was voted to have a big Halloween dance on November 1st, when the floor show and decorations will carry out a seasonal theme.

WEEKLY REHEARSAL

Akeley church choir held its first rehearsal of the 1952-53 season at the church, with Director Vinton Finzer in charge and considerable time given to discussion of quality, quantity, and cost of appropriate church music. The rehearsal hour was set for eight o'clock every Wednesday evening at the church. To conclude the initial session, refreshments were served the 18 members by Mrs. Hallie Holt.

ALTAR SOCIETY

The regular monthly meeting of St. Joseph's Altar Society will be resumed Thursday evening of this week, with services in the church at 7:30 o'clock, followed by a short business meeting in the clubrooms. Mrs. Anna Marie Aumer and her committee will have charge of the social hour and refreshments.

PLEASANT AUXILIARY

The September meeting of the Pleasant Volunteer Fire Department Auxiliary will be held at 8:00 p. m. Wednesday at the home of Mrs. Floyd Anderson. Lunch will be served by the following committee: Mrs. Anderson, Mrs. Rex Confer and Mrs. Howard Billman.

WILLING WORKERS

Willing Workers of North Warren Presbyterian church will have a dessert-meeting at the church at 1:30 p. m. Wednesday. This is the fall round-up meeting and all are asked to be on hand, bringing articles for the white elephant sale.

ROSE CIRCLE

Rose Circle members of Epworth Methodist church will hold their regular meeting at 2:00 p. m. Thursday at the home of Mrs. Perry Mahaffy, 13 Mead street.

TEACHERS DISCUSS HANDWRITING PLANS

To receive materials and to organize plans for the teaching of handwriting in the grade schools for this year, elementary teachers of Warren public schools had a meeting with a representative from the Peterson Writing System yesterday.

The program includes giving each teacher special exercises and forms to be taught to the pupils. Every six weeks a sample of each child's handwriting is sent to the main office of the Peterson Company in Greensburg. After it is analyzed there, reports and suggestions are given to the teachers on the way in which to help each pupil improve his writing.

At the end of the school term every pupil who satisfactorily passes a handwriting test is given a certificate.

CHRISTIAN BUSINESS MEN START ACTIVITY

Another fall and winter activity at the YMCA starts this evening, when the Christian Business Men's Committee assemblies there at eight o'clock for its weekly prayer meeting.

This meeting is open to all men in the community interested in prayer as a power in their lives. The meetings are informal in nature and are held in Room 2 on the second floor of the "Y" building, where the Christian Business Men's Committee and the YM have tentative plans for installation, through their combined efforts, of a chapel setting for the winter's devotional meetings.

Tonight's meeting will be led by Francis Hetrick, chairman of the adult program committee of the YMCA.

The Meadville meeting has been planned for residents of a 10-county area embracing Warren, Crawford, Erie, Venango, Armstrong, Mercer, Butler, Armstrong, Beaver and Lawrence counties.

REFUNDS ON STATE TAX

Pennsylvania farmers have but two weeks left to apply for refunds on a state tax paid on liquid fuels used in farm production. Urging farmers to apply before the September 30 deadline, the State Agriculture Department said applications for refunds cover the period from July last year until June 30, 1952. Farmers wishing to apply, the department said, should contact the state board of finance and revenue. Finance building, Harrisburg, for a code card and number.

BUS IN ACCIDENT

Corry Journal: A Greyhound bus driver skillfully maneuvered a large bus off East-Columbus avenue at the Wayne street intersection Saturday afternoon after side-swiping a sedan driven by a local woman. City officers who investigated said Mrs. James Roden of Columbus was driving west into the city and was in the act of turning left off Columbus avenue onto Wayne street when the left front fender of her car was hit by the right front door of the bus. Mrs. Roden claimed to police that she had the turn signals on to notify the driver of her intentions. The operator of the bus, Jarvis Magruder, 30, of Cleveland, who was returning the bus empty to that city, said he never saw the signals. Officers theorized he may have been following the car too closely, limiting his view of the back end of the auto. The force of the impact hurled the Roden auto back into the west-bound lane of traffic where Mrs. Roden, who was accompanied by her husband, was able to bring it to a stop.

Plans Being Completed for Opening Of Night School Classes September 29th

Night school in the Warren Public Schools will open on Monday evening, September 29, with registration for classes to take place at 7:00 p. m. on Monday, September 22. These classes will be held on Mondays and Wednesdays on those days when the regular day school is in session, from 7:00 p. m. to 9:00 p. m.

Occasionally in the past, it has been necessary to hold them on Tuesday and Thursday when the registration has been heavy.

Organized under the sponsorship of the local school district, no charge is made for tuition or supplies for residents of Warren Borough, but a charge of one dollar a month is made for non-residents of the Borough for each period or hour's work within one week. A non-resident who attends classes two hours on Mondays and Wednesdays would be required to pay \$4.00 a month.

A deposit of \$5.00 is required of each person, resident or not, and this is refunded in full if the individual attends three-fourths of the class meetings. No refund is made on the deposit, which is due by October 8, unless the individual moves from the Borough during the year.

Classes will be organized when 15 or more persons not enrolled in the day school request such classes and they will be established only in those subjects which are taught in the day school.

PENN STATE OPENS DESPITE WALKOUT

State College (P)—A brief walkout of maintenance workers failed to mar opening day operations at the Pennsylvania State College.

Nearly 1,000 union members returned to their jobs yesterday after a union committee completed a meeting with President Milton S. Eisenhower as the fall semester began.

The Penn State head said he would "wholeheartedly negotiate" with the AFL union on its complaint against working conditions after its members returned to work.

RADIO ENGINEERS

The Emporium section of the Institute of Radio Engineers will hold the first in a series of Fall and Winter meetings on Tuesday evening, September 23, 1952. The meeting will be held in the Sylvania Club Conference Room at 7:45. Speaker of the evening will be Mr. Millard S. May, of the Speer Carbon Company, St. Marys, Pennsylvania, who will discuss "The Use of Carbon and Graphite in the Radio Industry." This talk will be quite informal and will deal principally with the use of carbon in transmitting tube anodes, carbon resistors and suspended graphite coatings.

'Confidence of Champions' Is Expected to Win for Yankees; Toss-up 'Twist Brooks, Giants

By JOE REICHLER
A. P. Sports Writer

Can you figure this? The Yankees lead Cleveland by 2½ games while Brooklyn leads the Giants by three. The Yankees must play eight of their remaining 11 games on the road while the Dodgers have eight of their 11 at home.

Yet the experts — those who know baseball best — figure the Yankees a cinch to win the American League pennant and declare the National League race a toss-up between the Brooks and Giants.

Why?

"The Yankees have the confidence of champions," a veteran baseball man said. "They win the big ones. They don't scare easily."

They have the solid men in Allie Reynolds, Vic Raschi, Ed Lopat, Yogi Berra and Phil Rizzuto.

"The Indians may be a better all-around club. But they lack the confidence of champions."

And the Dodgers?

"If it were any team but the Dodgers," the learned baseball man replied, "I'd say I don't know how they could lose with a three-game edge."

"But the trouble with the Dodgers is they cannot forget last year. Especially when this race is following last year's script almost to the letter. Every time the Giants win and they lose, the Dodgers are reminded of last year's debacle. They know it can happen because it already has happened."

"The Dodgers are in trouble even with their big lead. Their pitching staff is in a bad way. If the Giants had the services of Larry Jansen to go along with Sal Maglie and Jim Hearn, they'd be sure to pull off another miracle. As it is, it's going to be another squeaker right down to the finish."

Neither manager—Leo Durocher of the Giants nor Charlie Dressen of the Dodgers—is doing any talking these days. Not even after yesterday's victories that left them still three games apart with 11 to go.

Brooklyn received another shoddy pitching performance — this time from Carl Erskine—but their big bats atoned for the pitcher's lapse. The Brooks pounded out an 11-5 triumph over the Cincinnati Reds. Jackie Robinson and Duke Snider hammered two homers apiece.

Sal Maglie looked like the Maglie of old as he pitched the Giants to a six-hit, 12-1 victory over the St. Louis Cardinals. A nine-run sixth inning—the biggest single inning of the season for the Giants—made it easy for the 35-year-old right hander.

The Indians and Yankees were idle yesterday. They renew warfare today with the world champions facing the Tigers in Detroit and the Indians taking on the Washington Senators in Cleveland. The Dodgers play host to Pittsburgh in a night game and the Giants took on the Chicago Cubs in the Polo Grounds.

In yesterday's remaining two games—both in the American League—the Chicago White Sox downed the Boston Red Sox 4-2, and the Detroit Tigers scored a 5-4 victory over the Washington Senators.

HOT STOVE TONIGHT

A meeting of all Hot Stove League chairmen and team handbooks has been called for 8 o'clock this evening in the Trinity Memorial Parish House. President Charles Munsante reports that the main item on the agenda will be returning of equipment.

Sturdy Defense Is Planned by State

State College—Temple's Duke Wuzzardo and Tex Robinson, both accomplished ball-carriers, will face a sturdy defense when the Owls help Penn State open its 66th football season here Saturday.

Both turned in eye-catching performances in the presence of Penn State scouts last year, prompting the Lion sluths to rig up special defenses for the 1952 opener.

"They're good runners, fast, and amazingly shifty," says Jim O'Hara, who shared the Temple scouting assignment with other members of the staff. "Both are capable of going the whole way."

Penn State holds a decided edge in the all-time series between the two teams, although their last meeting in 1950 ended in a 7-7 tie. The Lions have won 8 and lost 8.

The 1950 meeting brought the two current coaches, Rip Engle of the Lions and Al Kaval of the Owls, together for the first time.

SPORTS IN BRIEF

By The Associated Press

TENNIS

Los Angeles—Top-seeded Frank Sedgman of Australia, U. S. National and Wimbledon champion, entered quarter-finals of Pacific Southwest Championship by defeating Harry Lakas, San Francisco 6-2, 1-6, 6-1.

GENERAL

New York—Carl Braun leading scorer on New York Knickerbockers for three seasons, will get Army discharge this month and report to NBA team.

Spokane, Wash.—Howie Odell, head football coach at University of Washington, denied report of Spokane Chronicle he planned to retire at end of season to enter business.

New York—Amateur Athletic Union said it is investigating reports Andy Stanfield and Mae Faggis of U. S. Olympic track team, violated amateur standing by receiving gratuities.

N. Tonawanda Tilt Will Open Season For Jamestown Hi

With two returning letter-winners on the squad, the Jamestown High Red Raiders will open their 1952 campaign at North Tonawanda this Friday night. It will be their third season under the tutelage of Coach Walt Colburn.

Coach Colburn has guided the Jintowners to 14 victories in 16 games over the two year span and North Tonawanda and Warren High are the teams that have marred the record.

JHS SCHEDULE

September
19—At North Tonawanda
27—Dunkirk at home.

October
4—Kenmore at home.
10—At LaSalle.
18—Elmira at home.
25—Trot at home.
31—At Olean.

November
8—At Warren.

Through The Wind Tunnel

Since the list of former Warren High athletes was published in the Tunnel last week, asking for addresses, we've had calls at home, at the office, have been overtaken on the highway, and stopped on the street by interested readers who were glad to help. The list has considerably diminished but there are still some for whom we have no addresses, so here is another call for help. We're after each and every one of them, so please be kind enough to go over the list with us again, and give us a call if you can provide an address or give us the name of some person we may call or write to obtain same.

We are still without a clue as to the identity of G. Stevens, 1912, and are looking for addresses for H. Ingersoll and D. Liljenberg—how about you, Mr. Nichols at the West End Gas Station, didn't you give us an old Boy Scout picture last year which included Liljenberg, and would you know his address?

G. Phillips 1915, and Johnson, in 1918, as well as Phil Kehr from 1925, doesn't someone know where they are? We finally received E. O. Denning's address and have written him for the addresses of Sid Kelly and Leonard Mowbray, all three being in Baltimore, but if you have the latter two, give us a ring.

No word as yet on Robert Barto, Doug Logan, George Mottlo, J. Anderson or R. Reed. We understand the latter's father used to work in Nichols' jewelry store, does anyone know where we can contact him?

Clark, a basketball man in 1916, Gardner in 1917, Ralph Smith in 1924 and Robert Larsen in 1930-34 are without addresses. How about a little help on these?

Under baseball, we have no addresses for J. Hildum, Joseph Mastrucci, James McConnell and R. D. Johnson.

In track, we have a Stewart mentioned—could that be Gypper? John wasn't a track man, was he? Does anyone have Gypper's address? Or the addresses of these other track men: Harry Thompson (doesn't someone in Kinzua know where he is or would they please send us his sister Winona's married name and address?), Jack Frost, Clement, Bill Moran, Robert Morgan, Carl Swanson and Tom Wilson. The only name we've had for tumbling, Paul Irwin in 1941, still carries no address.

Your help will be appreciated. Call Roll Hoskins at 1400.

Here's part of a nice letter we've just received from Senator Jimmy Berger of Coudersport:

"I know that everyone who played on one of the Leidig teams or had any contact with him, will want to be present to express their appreciation for what Jake did for them. It will not seem natural to think of the Warren High school football team not coached by Leidig. He is certainly entitled now to watch and enjoy the games after all these years, rather than to be concerned with the performance of the team as coach. When I think of the many men who have gone out from Warren High School and have retained, as we all do, the feeling of closeness to Jake Leidig, it is a striking evidence of the unusual quality which he has for inspiring people."

Jimmy has written to Meyer Kornreich for a ticket and will be on hand October 11 for the testimonial dinner.

Kent Reading writes from Oakfield, N. Y., asking for a ticket and providing us with Dick Driscoll's address.

That East Side maestro of gardening art Pete Massa, found himself in a predicament a few evenings ago. Due to join some friends, Pete just didn't show up and when they sent a messenger for him, Pete was heard calling from the basement. His daughter, not knowing he was there had locked him in! He is recovering nicely.

St. Paul's Baseball Team Enjoys Outing

Eighteen members of the St. Paul's Lutheran baseball team of the Hot Stove League were entertained with a wieners roast at the Upper Fifth Ward field last night, by the Brotherhood of the church.

The occasion was arranged by Mel Karlson, Robert Colter and Hilding Lundahl, and special guests were L. R. Whitten, team manager, Rev. Nora Gustafson, and J. A. Johnson.

Talk on Zoning By Borough Solicitor Heard by Rotarians

Provisions of zoning and the advantages of zoning to a municipality were comprehensively outlined and described to members of the Warren Rotary club at their regular weekly luncheon meeting in the YWCA, Monday, by Atty. S. Knox Harper, borough solicitor.

Mr. Harper divided his talk into three parts, the general history and subject of zoning in Warren borough, and remained for a time following the meeting to answer a number of questions the club members wished to ask. "Zoning is the action a municipality takes to divide the said municipality into zones designated for certain types of use," was Mr. Harper's definition, explaining these as residential, commercial and industrial.

He said that before zoning was introduced in America, a man could do with his property as he wished or build as he wished no matter in what section of a town his holding was located. He said that as the cities grew, orderly planning became a necessity because of the hodge podge conditions resulting without it. He said it was felt there should be zoning for the well-being of a city, the purpose behind it being the general welfare, health and safety of the people. He said that while zoning was first resorted to in this country in 1920, it had been used in Europe since 1850, is now in existence in every state of the Union and the laws of zoning are more or less uniform.

Mr. Harper said that wherever attempts have been made to halt zoning on the grounds that it is unconstitutional, the courts have ruled that the power of the community is paramount and zoning will be upheld unless it is arbitrary in nature. He said that it is now conceded a community should

be well planned and be compared the ease with which zoning is put into effect in the newly built so-called atomic towns as with the difficulties encountered in cities which were built long ago.

Mr. Harper traced zoning in Warren since it was started here in 1949 to the comprehensive new ordinance adopted Sept. 21, 1951 as a result of the work of the zoning board which then ceased to function. He explained the different zoning areas, residential being for homes only, commercial for commercial use but also open to homes, and industrial for industries but also open to commercial and residential uses except for such industries prohibited in Warren, fat rendering, manufacture of explosives, etc. He told of requirements for having a certain amount of space in family units and the provision for off-street parking wherever construction is planned.

The speaker was introduced by Dr. LeRoy B. Campbell.

The Rotarians were interested in passing around a folder picture of Nels Anderson, taken at a meeting of the Honolulu Rotary club while he was on a recent tour.

Two invitations to activities of other clubs were read. The local Rotarians have been invited to an inter-club meeting and turkey banquet to be given by the Titusville Rotary club at Titusville Country club, Sept. 23, while the annual Allegheny National Forest tour sponsored by the Marienville Rotary club will be on October 2, to leave Bucktail Hotel by bus at 9 a. m. Noonday luncheon will be at Heart's Content, evening dinner at 6:30 at Twin Oaks, the trip to be made by bus.

William R. Walker, vice president and general manager of Walker Creamery Products, was welcomed into the club as a new member. Rotarian Harold Hampson gave him his button, badge, and club instructions.

If it were superimposed on a map of the U. S., the Great Wall of China would stretch from Philadelphia, Pa., to Topeka, Kan.

LETTERS TO EDITOR

Warren, Penn'a.
Sept. 15, 1952.

Letter to the Editor:

There has been much discussion, both pro and con regarding the fluoridation of the water supply of our city. But regardless of which side you are on, there are a few pertinent facts that cannot be ignored by anyone. First, it is the primary duty of any town or city to furnish its citizens with pure drinking water.

In times of epidemics or to prevent epidemics they are permitted to take such precautions as necessary to insure this purity. But in no stretch of the imagination can it be said that fluoridation of the water purifies or rids it of any germs or bacteria. Neither can it be said that tooth decay is contagious, nor can it be called an epidemic. It is strictly a medicine or chemical used exclusively for the prevention of tooth decay. This makes the city and water company a dispenser of medicine, which is unlawful.

It also sets up a dangerous precedent, as there is nothing to stop the next group, wanting to put something in the water for arthritis or rheumatism. Far fetched you say, not at all, as the potential is there.

There is no question but that the putting of fluorine in the water is a direct violation of our constitutional rights as free American citizens, and it is on this level that it is being fought all over the country. Some states are passing laws forbidding the use of fluorides in the water, and many individual lawsuits are springing up all over the country and it no doubt will have to go to the Supreme Court for a final decision. But if we know the constitution of United States, there is no doubt about the ultimate outcome.

The fact that many communities have put it in, proves only one thing, and that their freedom of choice has been taken away from them while they were asleep.

We have heard a lot about regimentation and socialized medicine in the last twenty years, but this is socialized medicine at its lowest ebb.

It would be well for Warren to postpone this fluoridation until

such time as the Supreme Court has passed on it, so as not to be caught on the line with the rest of the suckers.

Taxpayer and interested citizen.

PLEASANT VOLUNTEER
FIRE DEPARTMENT
Sept. 13, 1952.

The Warren Times-Mirror, Warren, Penna.

On behalf of the committee and myself, may I take this means of thanking you for your wholehearted support of our Horse Show.

Your support and kindness is deeply appreciated by all of us, and again many thanks to you.

Also, please convey our best wishes to Mr. Hoskins.

Thanking you very much, I am,
Sincerely yours,
Robert P. Murray,
Chairman, Horse Show Com.

Dear Sir:

In a recent letter to you an AP release from Schenectady was quoted indicating that the Pure Food

and Drug Act might be involved in fluoridation. This press quote was not dated. It must have been published before July 23, 1952, for on that date the following appeared in the Federal Register.

"The Federal Security Agency will regard water supplies containing fluorine, within the limitations recommended by the Public Health Service, as not actionable under the Federal Food, Drug and Cosmetic Act. Similarly, commercially prepared foods within the jurisdiction of the Act, in which a fluoridated water supply has been used in the processing operation, will not be regarded as actionable under the Federal law."

For our second year we have marked closed on our annual flower show. We feel that it was a huge success and wish to take this

opportunity to extend our thanks to you.

You have been most patient with us and very generous in the wonderful publicity you have given us. Without your help we know that our job would have been much more difficult, and very likely impossible.

We could also like to take this means to thank you for your aid and splendid cooperation throughout the year. We feel we can always depend on the publicity you will give us on each project we undertake thus making it easier to present our projects to the public.

Sincerely,
Mrs. Dorothy Ruhlman
